

US Proppant Market & Forecast Report: 2015 to 2020

Deep insights into proppant use and demand in the
unconventional oil and gas industry

**PROPPANT
TODAY** 
DIGGING DEEPER. PROVIDING REAL INSIGHTS.

TABLE OF CONTENTS

TABLE OF CONTENTS

1.0 Introduction

- 1.1 Report methodology
- 1.2 About Proppant Today, LLC

2.0 Legal Disclaimer

3.0 Executive Summary

4.0 Hydraulic Fracturing and Proppant Use

- 4.1 Unconventional shale plays and hydraulic fracturing
- 4.2 Types of proppant: frac sand and manufactured proppant
- 4.3 Proppant products
- 4.4 Proppant quality
- 4.5 Proppant selection and evolving preferences

5.0 Frac Sand Sources, Mining and Production

- 5.1 Frac sand sources: location of frac sand in the US
- 5.2 Frac sand mining and processing methods
- 5.3 Frac sand mining and processing costs
- 5.4 Transporting frac sand to the oil field
- 5.5 Frac sand site permitting

6.0 Proppant Industry Structure: Supply, Demand & Logistics

- 6.1 Supply side: proppant producers and in-basin transloads
- 6.2 Frac sand delivered cost per ton
- 6.3 Frac sand market share: 2014
- 6.4 Manufactured proppant producers
- 6.5 In-basin proppant transloads
- 6.6 Demand side: the oil field service companies
- 6.7 Frac sand commerce
- 6.8 US shale play

- 6.8.1 Permian
- 6.8.2 Eagle Ford
- 6.8.3 Marcellus
- 6.8.4 Utica
- 6.8.5 Williston
- 6.8.6 Niobrara
- 6.8.7 Mississippian
- 6.8.8 Barnett
- 6.8.9 Woodford (Cana, Arkoma, Ardmore)
- 6.8.10 Granite Wash
- 6.8.11 Fayetteville
- 6.8.12 Haynesville

7.0 Frac Sand Logistics

- 7.1 Moving frac sand to the basins
- 7.2 Moving frac sand by rail
- 7.3 Cost of moving by rail
- 7.4 Rail infrastructure limitations
- 7.5 Moving frac sand by truck
- 7.6 Moving frac sand by barge

8.0 Market Impacts and Trends in Proppant Usage

- 8.1 Increase in horizontal wells
- 8.2 Increase in proppant per well
- 8.3 Proppant per well by shale play
- 8.4 US Oil & Gas Industry trends affecting demand for proppant
- 8.5 US Bureau of Labor Statistics: Frac Sand Price Index
- 8.6 Proppant as a percent of well cost

9.0 Proppant Demand Projections

- 9.1 EIA Annual Energy Outlook 2015
- 9.2 US Demand for proppant 2013 to 2020

- 9.3 US regional demand for proppant 2013 to 2020
 - 9.3.1 Permian demand for proppant 2013 to 2020
 - 9.3.2 Eagle Ford demand for proppant 2013 to 2020
 - 9.3.3 Marcellus demand for proppant 2013 to 2020
 - 9.3.4 Utica demand for proppant 2013 to 2020
 - 9.3.5 Williston demand for proppant 2013 to 2020
 - 9.3.6 Niobrara demand for proppant 2013 to 2020
 - 9.3.7 Other shale plays: historic proppant usage

10.0 Regulatory and Economic Issues

- 10.1 Federal hydraulic fracturing regulations
- 10.2 State and local hydraulic fracturing legislation
- 10.3 Moratoriums on frac sand mine permitting
- 10.4 Economic impacts of frac sand mining to the local community

11.0 Company Profiles

- Badger Mining Corporation
- Capital Sand Proppants, LLC
- CARBO Ceramics Inc. (NYSE: CRR)
- Chieftain Sand, Inc.
- Completion Industrial Minerals LLC
- EOG Resources Inc. (NYSE: EOG)
- Erna Frac Sand
- Fairmount Santrol (NYSE: FMSA)
- Hexion Inc.
- Hi-Crush Partners LP (NYSE: HCLP)
- Imerys Oilfield Solutions (EuroNext Stock Exchange: NK)
- Mississippi Sand
- National Silica
- Northern White Sand LLC, a subsidiary of Eagle Materials (NYSE: EXP)
- Pattison Sand Company, LLC

Preferred Sands

Premier Silica LLC, a subsidiary of Pioneer Natural Resources (NYSE: PXD)

Saint-Gobain Proppants

Select Sands Corporation (TSX Venture Exchange: SNS)

Smart Sand Partners LP

Source Energy Services Proppants LP

Superior Silica Sands LLC, a subsidiary of Emerge Energy Services LP (NYSE: EMES)

Victory Silica Ltd., a subsidiary of Victory Nickel (Toronto Stock Exchange: NI)

Vista Sand

Unimin Corporation

U.S. Silica Holdings, Inc. (NYSE: SLCA)

12.0 Concluding Remarks
